EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification:

In the first line of the first paragraph of text, as amended on 8 October 2003, the phrase "Application No. 10/397,220 filed March 27, 2003" has been replaced with --Application No. 10/397,220 filed March 27, 2003, now U.S. Patent No. 6,665,024--.

In the second line of the first paragraph of text, as amended on 8 October 2003, the phrase "Application No. 10/005,147 filed on December 7, 2001" has been replaced with --Application No. 10/005,147 filed on December 7, 2001, now U.S. Patent No. 6,597,413--.

End of examiner's amendment.

Allowable Subject Matter

2. Claims 1, 2, and 4-8 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The prior art does not disclose the device of claim 1, in particular the additional limitation (from the previous claim 3) that the storage capacitor includes the first light

shielding film and a capacitive electrode of pixel-electrode potential. (In *Ohtani*, the first light shielding film is of pixel-electrode potential, not the capacitive electrode.) Claim 1 is therefore allowed, as are dependent claims 2, 4, 5, and 8.

The prior art does not disclose the device of claim 6, in particular the additional limitation that the first light shielding film is formed along the scanning line and the data line. (The examiner notes that the first light shielding film of *Ohtani*, as shown in Fig. 12C connected to the pixel electrode, cannot be extended in a grid form to cover the whole array, else it would short out the different pixel electrodes; and as shown in Fig. 12D not connected to the pixel electrode, it could be extended in a grid form, but it does not constitute a "storage capacitor including the first light shielding film" as required by claim 1.) Claim 6 is therefore allowed, as is dependent claim 7.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andrew Schechter whose telephone number is (571) 272-2302. The examiner can normally be reached on Monday - Friday, 9:00 - 5:30.
